

G120

ADVANCED IVMS FOR PLUG & PLAY

FEATURES

- *High precision GPS and GLONASS positioning systems* are used simultaneously for enhanced accuracy and faster fixes.

- *Real-time asset tracking* – to remain continuously connected with the asset while on the move.

- *Bluetooth® 5.0 Gateway* – for affordable tagged asset management and sensor monitoring applications.

- *To track assets outside of cellular coverage* – fit the G120 with an optional Iridium Edge® Module.

FEATURES

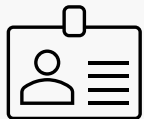

- **Customisable hardware** - including seatbelt detection, panic buttons, built in warning buzzers, pulse counting.

- **Remote Immobilisation** - enabled by connecting digital output to a relay in the case of theft, abuse, or unauthorised usage.

- **Theft Recovery** - Recovery mode in the case of theft or loss to activate live-tracking at 30 second intervals for asset retrieval.

- **Drive ID Options** - Configure iButton®, RFID Readers, or Wiegand for Driver ID and log booking. Wiegand is more secure and convenient card reader.

FEATURES

- **Driver Safety & Behaviour** - Monitor speeding, harsh acceleration, braking, cornering, idling, and more to improve safety and prevent wear on vehicles.

- **Accident & Rollover Detection** - Configure accident and rollover alerts triggered by extreme changes in velocity and orientation of vehicles.

- **Remote Worker Safety** - man-down alerts for lone and remote worker safety monitoring, enables you to get the message out immediately.

- **Run Hour Monitoring** - Calculate run hours and distance travelled (odometer) to understand and optimise asset utilisation.

LAST BUT NOT THE LEAST

- ***Back-Up Battery*** - 1100mAh LiPo internal backup battery pack for quicker fixes.
- ***Weight*** - 250 g (8.82 oz).
- ***Operating Temperature*** - -20°C to +60°C.
- ***Geofencing*** - Create custom geofences and alerts if an asset enters or leaves specific locations.
- ***Setup speed limits*** within geofences and get in cab alerts if you exceed the limit.
- ***Hardwired geofencing*** means that you do not need a cellular coverage to track your vehicles.
- ***Make changes remotely*** to suit your needs.
- ***Preventive Maintenance*** - Set reminders based on distance travelled and run hours to reduce maintenance and repair costs.
- ***Manufacturer's Warranty*** - One-year manufacturer's warranty.

THE DIGICORE DIFFERENCE

- 14 years of experience serving clients across mining, oil and gas industries.
- We are an Australian company which goes the extra mile to provide top quality products and services.
- Our reporting interface & scheduler can provide you with 100% accurate and customisable data.
- We are a customer-centric team that is ready to support you.
- No lock-in contracts mean that you save on costs without compromising on quality
- Flexible SIM cards mean that you only pay for what you use.
- We will constantly keep you compliant and will truly be you “Partners in Safety”.
